Affidavit of Publication

County of Sevier, State of Utah, ss.

I, KEVIN ASHBY, being first
duly sworn, depose and say tht I am the Publisher of the
SALINA SUN, a weekly newspaper having a bona fide
circulation more than 200 subscribers in the State of Utah,
published every Wednesday at Salina, Sevier County, Utah;

That the notice Tentative approval of the
mining and reclamation plan submitted
by the US Gypsum Co.,,,

a copy of which is attached hereto, was published in said
paper for 1 consecutive issues, the first
publication having been made in the issue of the
30 day of Sept., 19 87, and
the last publication in the issue of the _____
day of _____, 19 ____; that the said notice
was published in the regular and entire issue of every
number of said paper during the period of times and
publication, and that the same was published in the
newspaper proper and not in a supplement.

Subscribed and sworn before me this 7th day
of Oct, 19 87.

Notary Public

My Residence is Salina, Sevier County, Utah

My Commission Expires 1-22, 19 89

BEFORE THE BOARD OF OIL, GAS
AND MINING DEPARTMENT OF
NATURAL RESOURCES
STATE OF UTAH

IN THE MATTER OF TENTATIVE
APPROVAL OF THE MINING AND
RECLAMATION PLAN SUBMITTED
BY UNITED STATES GYPSUM
COMPANY, SEVIER COUNTY,
UTAH

NOTICE OF TENTATIVE APPRO-
VAL NO. M/041/008

The State of Utah to all
operators, takers of production,
mineral and royalty owners, and
particularly all persons interested
in sections 14, 15, 21, 22, 23, 28,
29, 32, and 33; Township 22 South;
Range 1 West; SLBM, Sevier
County, Utah.

Notice is hereby given that
tentative approval was given by the
Division of Oil, Gas and Mining, on

September 22, 1987, to United
States Gypsum Company to
continue surface mining
operations in Township 22 South,
Range 1 West of Sevier County,
Utah.

The name of the mining
operation is the Jumbo-Jensen
Quarry, and the person represent-
ing the company is Mr. James
Jennings, Quarry Superintendent,
P.O. Box 120, Sigurd, Utah 84657.

United States Gypsum
Company has fulfilled obligations
under the Utah Mined Land
Reclamation Act of 1975 (Section
40-8, UCA, 1953, as amended)
with specific reference to Section
40-8-13 and will employ the
following mining and reclamation
techniques on approximately 155
acres of private land.

During Operations

Haul roads will be constructed
to the deposit, and the gypsum will
be quarried in 20-foot benches.
Gypsum rock will be loaded on
trucks and hauled seven miles to
the plant for processing. Available
topsoil and overburden will be
stockpiled for future reclamation.

Following Operations

Reclamation of mined-out
areas will be performed at a rate of
approximately ten acres per year
for the next ten years. Reclamation
of the quarries is to consist of
regrading of the waste material
into the quarry area, placement of
soil material, ripping with a dozer
and reseeding with native
vegetative species. Haul roads
which do not have a postmining
use will be ripped and seeded, and
water drains will be installed as
necessary.

Any person or agency
aggrieved by this tentative decision
is hereby requested to submit a
written protest within thirty (30)
days of the date of publication to
the Division of Oil, Gas and Mining,
355 West North Temple, 3 Triad
Center, Suite 350, Salt Lake City,
Utah 84180-1203, setting forth
factual reasons for his or her
complaint, and thereafter, at a time
and place to be established, appear
before the Board of Oil, Gas and
Mining to show cause, if any, why
this mine plan should not be
approved.

DATED this 22nd day of September
1987.

STATE OF UTAH
DIVISION OF OIL
GAS AND MINING

Marjorie L. Anderson
Administrative Assistant
